

Helpful links about birds, native plants, wildlife

eBird reports of what is being seen close to you. Good for learning about seasonality. What is here now?

King County Native Plant Guide online <https://green2.kingcounty.gov/gonative/index.aspx>

WDFW- Washington Dept of Fish and Wildlife

- Backyard habitat recommendations <https://wdfw.wa.gov/species-habitats/living/backyard>
- Living with Wildlife. Lots of good info about all species <https://wdfw.wa.gov/species-habitats/living>

Great Plant Picks- greatplantpicks.org Has lists of locally successful plants by function, color, cultural needs. You can find pollinator friendly plants and deer resistant plants etc.

Birding apps--

- **Merlin** – Free app that helps anyone identify a bird by location, description or song. Amazing!
- **Sibley Guide-** Excellent drawings
- **Audubon Guide-** Photographs
- **eBird** for locating good birding spots and recording your sightings

BOOK recommendations-

- **Welcome to Subirdia** John Marzluff
- **The Immense World** Ed Yong
- **The Sibley Guide** – Bird Guide with lots of drawings
- **What the Robin Knows** Jon Young
